About EVERFI

Who We Are

EVERFI, Inc. is the leading provider of enterprise technology powering prevention education, data analytics, and research for 1,500 higher education institutions. Serving more than 5 million learners annually, EVERFI helps its college and university partners create safer, healthier, and more inclusive campus communities. Through online prevention education and compliance training, policy and program guidance, professional development, data insights and performance benchmarking, EVERFI delivers solutions that make colleges and universities great places to live, learn, and work.

Our Courses

EVERFI’s higher education product offering provides primary and ongoing education and training for students and employees across a range of topics. EVERFI’s team of prevention and legal experts ensure impact and legislative compliance. Nine peer-reviewed studies demonstrate the proven-efficacy of our course content and pedagogical approach. All courses are built to WCAG 2.0 AA standards and include standard customization options to provide a personalized, impactful experience for their learners.

Our Technology Platform

EVERFI’s administrative platform facilitates tailored deployment of training (across courses, over time, and to target populations), with live participation tracking. Our platform seamlessly integrates with a variety of student and staff management systems for easy course launch and completion tracking. Survey and assessment data can be accessed in real-time and benchmarked against the national aggregate, custom peer institutions, and year-over-year trends.
